## 1. RULES

a) The FIG EC Meeting held in Vestfold (NOR) in July, approved the following motion:

**Background:** The judging criteria “Horizontal Displacement” – measured by a specific device – has been introduced for the 2017-2020 Olympic cycle. However, the Apparatus Norms, Parts III and IV, for such devices have not yet been developed and therefore no such device could be tested in Freiburg and subsequently certified by FIG. Therefore, during a transition period, additional judges are needed to determine this criteria, requesting a clarification in the Technical Regulations (7.8.2 c), the TRA Code of Points (Art. 19) and the World Cup rules (Art. 11). Using 2 from 6 E-judges to judge horizontal displacement is feasible, but reduces the quality of judging execution for TRA Individual. And for Synchro, it is not reasonable and fair to reduce the number of E-judge from 3 to 2 only for one trampoline.

### **Proposal for clarification in Technical Regulation, TRA Code of Points and World Cup Rules:**

In case no HD measuring device is available, the President of the Superior Jury or the Chair of Judges’ Panel may form a judges’ panel with 2 additional E/H judges, provided a sufficient number of eligible judges are registered and present at the competition and the result system used by the organizer allows the use of these additional judges.

b) The FIG Council held in Baku (AZE) in May, approved the following addition to the Technical Regulations, which will enter into force on 1<sup>st</sup> January 2018:

### **Individual Trampoline Final**

In case of a tie, at any place, the ranking will be determined by the following criteria:

1. The gymnast with the higher E-score prevails
2. The gymnast with the higher HD-score prevails
3. The gymnast with the higher T-score prevails

If there is still a tie, the tie will not be broken

### **Synchronised Trampoline Final**

In case of a tie, in points at any place in the Finals, the ranking will be determined by the following criteria:

1. The pair with the higher E-score prevails
2. The pair with the higher S-score prevails
3. The pair with the higher HD-score prevails

If there is still a tie, the tie will not be broken.

### **Double Mini-Trampoline Final**

In case of a tie, in points at any place in the Finals, the ranking will be determined by the following criteria:

1. The gymnast with the higher sum of the E-scores of both passes prevails
2. The gymnast with the higher E-score of the second pass prevails

If there is still a tie, the tie will not be broken.

### **Tumbling Final**

In case of a tie, in points at any place in the Finals, the ranking will be determined by the following criteria:

1. The gymnast with the higher sum of the E-scores of both passes prevails
2. The gymnast with the higher E-score of the second pass prevails

If there is still a tie, the tie will not be broken.

### **Team Competition Trampoline**

In case of a tie, in points at any place in the Team Final, the ranking will be determined by the following criteria:

1. The team with the highest sum of the 3 E-scores prevails
2. The team with the highest sum of the 3 T-scores prevails
3. The team with the highest sum of the 3 HD-scores prevails

If there is still a tie, the tie will not be broken.

### **Team Competition Tumbling**

In case of a tie, in points at any place in the Team Final, the ranking will be determined by the following criteria:

1. The team with the highest sum of the 3 E-scores prevails.
2. The team with the highest sum of the 2 best E-scores prevails
3. The team with the highest E-score prevails

If there is still a tie, the tie will not be broken.

### **Team Competition Double Mini-Trampoline**

### 3. 2017 JUDGES' COURSES

As every new Olympic cycle starts, judges' preparation takes the stage for the very first months. During the first semester of 2017, eight courses were conducted in BUL, GEO, GBR, JPN, CAN, POR, AUS and BRA. The Intercontinental Judges Course was the first one in the agenda, taking place at the beginning of February in Sofia (BUL), followed by seven International Judges' courses.

Horst Kunze presented a detailed report about this process during the EC Meeting held in May in Baku (AZE). 334 judges participated at the exams for Trampoline, whereas 156 took part in the Tumbling tests and 214 in DMT courses.

A re-take course was offered to those willing to achieve a better result, taking place in Lausanne (SUI) in August. This course was attended by 27 judges, with 23 of them taking exams in Trampoline, 6 in Tumbling, and 12 in DMT, with the following outcome:

TRAMPOLINE					TUMBLING					DOUBLE MINI				
Cat. 1	Cat. 2	Cat. 3	Cat. 4	FAIL	Cat. 1	Cat. 2	Cat. 3	Cat. 4	FAIL	Cat. 1	Cat. 2	Cat. 3	Cat. 4	FAIL

The current situation of FIG judges in our Sport by October 2017 is as follows:

The re-take course in Lausanne meant the end of international level A and B courses, opening the door to "C" level courses run by National Federations in collaboration with FIG. Two level C courses are already approved by FIG for 2017:

28-31 October           Lilleshall (GBR)  
1-3 December           Hong Kong (HKG)
